From: William C. Walters, Chair

Subject: 2001-2002 Seattle Federal Executive Board Media Guide

Finding an official federal source to comment on a specific topic can be exasperating – especially in the face of rapidly approaching deadline, unconfirmed leads and increased public interest in government services, activities, and policies.

This directory has been developed to enhance news media access to local federal agencies, and to make editors', news directors' and correspondents' jobs a little easier. The index includes an alphabetical listing categorized under the appropriate cabinet-level department. Each agency listing contains a mission statement, geographic jurisdiction, and media contact.

On behalf of the Seattle Federal Executive Board, I acknowledge the vanguard efforts of FEMA region 10 Public Affairs Officer and SFEB Public Affairs Committee Chair Mike Howard, and the Department of Education Acting Regional Representative and Media Guide Project Officer Dick Devlin, in finalizing and publishing this media resource. Electronic copies are available through the Seattle Federal Board Office at (206) 220-6171 or e-mail your request to sfeb@mindspring.com.
